Imposing Martial Law Order May Precipitate Universal Conflagration

FEDERAL LOAN FOR EDMONTON IS AUTHORIZED

Orders-In-Council Permit Payment Of \$193,185 To City

Orders-in-council granting three specific loans for a total of \$193,185 to the city of Edmonton under the Municipal Improvement Assistance Act have been passed by the federal government. It was learned by Mayor J. W. Fry in letters received Tuesday from Dr. W. C. Clark, deputy minister of finance at Ottawa.

Those are part of the \$229,000 which the federal government has agreed to lend this city at two per cent interest. The city will, in return, probably on a 20-year basis, to the Dominion government, the outstanding balance of the loan.

It is returning.

"This loan is just the same as refunding the city's debt at two per cent," Mayor Fry commented Tuesday. "We had planned to take money from the sinking fund for improvements under the Fortin plan. We would have to pay four per cent and a half per cent for this money. As things now stand, we get two per cent interest on the loan, and it leaves us \$229,000 of sinking fund money with which we can keep up our outstanding debt on the open market and destroy them."

One of the loans on which orders-in-council already have been passed at Ottawa is a \$100,000 loan for the local improvement portion of paving being done this year. The balance of \$129,000 is to be made available for further projects next spring.

The second specific order is for \$150,000 for improvement of the street railway, principally for the laying of a new trolley bus line. The third of \$70,000 for the purchase of a new trolley bus.

Defences

This map shows where French and German soldiers are facing each other across the heavily fortified frontier. Major concentration of troops, France's Maginot line, fully completed, is still being called to completion. Full strength of the defensive works on the number of troops they contain remains a closely guarded secret in both nations.

STORE CLOSING PLAN BLOCKED BY DISSENTER

Delegation Opposes Extension Of Half-Holiday To 11 Months

Passage of an amendment to the early holiday act which would provide a compulsory half-holiday for retail stores for 11 months of the year was held up at Monday night's meeting of the council when three dissenters voted against it when third reading was blocked by the objection vote of one alderman—Ald. A. Bisset.

Opposing extension of the Wednesday half-holiday from six to 11 months, a delegation of merchants appeared at the meeting. They said they represented 300 retailers whose names were on a petition which they wished to present to council.

First and second reading was given by the city clerk, who was introduced by Ald. D. K. Knott, but when it is brought up for third reading, it was opposed by Ald. Bisset, who was asked to attend and enter the debate.

Present bill requires all retail stores to close at 1 p.m. Wednesdays during the months of June, July, August and September.

FIGURES SHOW IMPROVEMENT IN PROVINCE

Increase in Volume Of Production In Varied Alberta Industries

Indicative of the generally improved conditions throughout this province are figures released on Tuesday by Mr. Ernest C. Manning, minister of trade and industry, showing increases in volume of production and in value of varied Alberta industries.

The figures, taken from widely varying activities and interests, all show both greater production and greater value on the market.

For instance, wholesale trade in the province for the period to June 30, 1937 totalled \$43,516,572 while in the same period this year, totalled \$43,526,024, an increase of \$10,452.

Butter production in the six months period to June 30, of this year, totalled 13,287,342 pounds, valued at \$2,229,238 in the corresponding period of 1937.

M.P. STRESSES HIGHWAY NEED FOR TOURISTS

Tells Trade Board That All-Weather Roads Boost Business

ROCKY MOUNTAIN HOUSE, Sept. 13.—Need of having decent, all-weather main roads in the province was stressed by James A. MacKinnon, Liberal M.P. for West Edmonton, as the best stimulus to tourist traffic that could be obtained, in an address to the board of trade.

Mr. MacKinnon, special guest, said that the best interests of the province might be served by having the federal government take over the construction and maintenance of the main roads, which are referred to as trans-Canada highways, and also the roads connecting the national parks.

At Saturday's meeting, Mr. MacKinnon was one of a party going down to Nordegg, spending the night at the Big Horn relief camp, where the big fire is still burning.

He was informed of the progress being made in finishing the grade on the 24-mile stretch of Nordegg.

A. J. Wolfe, Social Credit M.L.A. for Red Deer, also was a guest at the meeting of the board of trade, which is president, Mr. Brett, was chairman.

While at Rocky Mountain House, Mr. MacKinnon was the guest of W. J. Kirby.

AIR RIGHT FULL OF HITTING FISTS DETECTIVE SAYS

Phony gaudy of having assaulted police officers in a fracas occurring September 3 in front of the Haddon Hall on 97 street, three youths, Edward Lockhart, 21, William Carter, 22, and Maurice Vandenberg, were each fined \$30 and costs, with the alternative of three months in jail.

Charles Smith, the chief, but discharged when no evidence was brought in to show that he had assaulted the officers, was Rudolph Piewitz.

Charles Smith and Kenny of the city police force laid of the youths, Douglas and his two neighbors of trouble at the Haddon Hall.

When the two officers stepped from their car in front of the hall, Douglas and his two neighbors, who were shouting, and began to attack them.

"As a full of fists, all hitting," said Detective Smith in the witness box, when asked just what went on.

Acting on behalf of the three accused, Fred Jackson brought out that they had met in a downtown beer parlour, the three having been acquainted with each other since they were in Prince Albert penitentiary, and had been celebrating their release, and that they said they didn't know what they were doing.

ROAD OFFICIAL TALKS PLANS FOR EVERGREEN ROAD

Marshalling public support for the completion of the Evergreen highway from Winnipeg through Jasper and Mount Robson parks to Vancouver, Arthur R. King, president of the Yellowhead Highway Association, arrived in Edmonton Tuesday to confer with Charles H. Gray, president of the National Parks Highway Association, and Ernest Manning, president of the National Parks Highway Association, on plans for furthering the completion of the highway.

Mr. King declared that "this program is being financed through the new credit arrangement, tax arrears and other accounts owing the government for a period of years and additional funds which the government finds it possible to make available owing to improved conditions. Almost \$2 million has been received well over half a million dollars and with favorable weather conditions it is hoped to reach close to \$3 million."

As announced on previous occasions, most of this work will be done by the constabulary living north of Edmonton as it has been felt by the government that this section of the province has not received its fair share of road expenditures for many years past.

This program has been made possible by the reduction of the cost of maintenance.

South Alberta Boy Missing FROM HIS HOME

LETHBRIDGE, Sept. 13.—Calvin Brundage, 13 years, of Mountain View, Alta., is missing from the home of his parents, Mr. and Mrs. Clarence Brundage. The boy drove away on a pony Saturday afternoon following some minor disagreement at home.

His mother thought little of it at the time thinking the boy had gone to join his father working in one of the fields of the district. Fears were later aroused, however, when the horse spluttered with mid-air when the boy was seen to be missing.

Jenny Morris Is Thrilled With Jasper

JASPER PARK LODGE, Sept. 12—Thrilled at her first visit to Jasper National Park and the scenic splendor of the surroundings, Jenny Morris, "mother of the Princess Paits" visited here briefly prior to continuing her journey to the Pacific coast. The famous host to the Canadian troops during the world war was the guest of honor at dinner.

Sunday evening when Hon. J. C. Bowen, lieutenant-governor of Alberta, and Mrs. Bowen, entertained.

Sunday was spent on a drive down the famous Columbia icefields scenic highway and the Athabasca glacier was at its best under a scorching hot sun and a clear sky without a cloud visible.

On the Prince of Pats around here?" was Jenny's first question as she entered Jasper Park lodge. Only two were available in the district, W. Poppy, a lieutenant of the famous regiment and P. Rutledge. They were also guests at the lieutenant-governor's dinner.

Committee Asks Use Of School Gymnasium For Training

Applications of groups wishing to sponsor centres in the provincial physical training scheme are being received at the Y.M.C.A. building, Reginald T. Rose, secretary of a committee set up to put the scheme into action, said Tuesday.

One application is from the Health and Strength League, which is willing to supply the hall and centre if the province supplies the instructor.

SIX CENTRES

With the number of instructors who are trained for this work, it seems probable that only six centres will be set up. Mr. Rose said, and four nights a week would be necessary to take care of all participants.

Thursday evening, F. J. Fitzpatrick, chairman of the youth training committee, will ask the cooperation of the Education Public School Board through the use of school gymnasiums as youth centres.

STUDY APPLICATIONS

Wednesday evening at the Civic Work the committee will meet to discuss the applications already made. "If there are others contemplating the sponsorship of these groups, but who have not taken action yet, we shall be glad to hear from them as soon as possible," Mr. Rose said.

Sponsored by the Edmonton Junior Chamber of Commerce, the 11 entries in the Community League's beautification contest have been judged, and the results will be announced Saturday, it was stated on Tuesday.

Less than two weeks until the day of the big race at the airport. Cadets, when all those of you who have entered your names will compete for the many valuable prizes which were listed in the Bulletin Saturday. Not two weeks, left just think of that, cadets.

That's not very long to get your plane ready, but if you haven't entered yet, there is still time to get your plane building kit, send in the pink entry form to Phil Davis in care of the Bulletin and the blue entry form to Jimmy Allen Headmaster of Toronto. And that valuable prize list should convince you that it will be worth your while to get in the contest.

The Edmonton Lions Club and the British American Oil Company have left nothing undone in an effort to make this contest a real one. As I have told you, and those of you who have built kits know for yourselves, that Jimmy Allen Official Contest plane, which can be obtained anywhere nearest B. A. Service Station, are really worthwhile models—worth every penny you spend.

And everyone will have an equal chance. There are a great many classes so that each fellow will be only competing against a few others and there are plenty of prize-winning prizes.

No come on Cadets, I want a whole bunch of last minute entries. And don't forget that Pop is just waiting to be of any help he can when it comes to building or flying your plane. Just send a line to Pop in care of The Bulletin and we'll print your answer.

GOLD COINS ARE NOT SOLID GOLD

Although most people believe that gold coins are solid gold and can be melted up into bars of pure gold, the truth is that gold coins are usually about 10 per cent copper or some other metal. Gold is too soft to be used for coins, and it cannot be tempered to any degree, so the copper is added to give it hardness. In fact, no metal can be hardened greatly by tempering, and other metals or carbon are used to harden the metals. Carbon added to iron gives us hard steel.

COURT ACTION MAY TEST OIL AND GAS ACT

**New Proving Plan Would
Cause \$2.50 Loss Daily
In Claim**

CALGARY, Sept. 13.—Likelihood of a court test of the Alberta Oil and Gas Conservation Act was seen by local oilmen Monday following a meeting of officials of the Alberta Petroleum Association and of the Conservation Board.

It was indicated unofficially that operators of gas wells, who will lose about \$2,500 a day in revenue as a result of proving the gas wells under an order effective Wednesday morning, will start court action to test validity of the Alberta act and to see if they can legally be required to reduce the output of their wells.

SEEK 10-WEEK DELAY

At Monday's meeting Petroleum Association officials presented a request to the Conservation Board asking a ten-week delay in putting gas conservation orders into effect. They asked that the order be delayed while a plan for a gas test proving scheme could be studied. No reply to the request was given. W. F. Knudsen, chairman of the conservation board left for Edmonton last night to discuss legal phases of the act with the attorney-general's department, and said that the board's answer to the request would be given Tuesday afternoon, following his consultations with the attorney-general.

EFFECTIVE WEDNESDAY

It was felt that no delay would be granted and that the order would likely go into effect at 9 a.m. Wednesday as planned. The conservation board officials said they were preparing the field could be studied just as well with the field operating under the new regulations as with it running under old. Under the proposed proving scheme of the operators who have been discussed at length recently, it would be proceeded at present for proceeding in all directions, plants, but that if it had been proceeded it would be worked back into the ground instead of being burned as waste in flares at present.

The plan would cost about \$2,000, 600 for pumping equipment, it was estimated.

Primitive Man May Have Migrated From Asia to Canada Scientist Avers

VICTORIA, Sept. 13.—It may ultimately be learned that primitive man migrated from Asia to North America by way of the Liard river territory of northern British Columbia, according to Joseph Malin, anthropologist from Stanford University and a member of the Wesley L. Bliss expedition to the Northwest Territories.

"Any discovery that may be made in the Liard country of the Northwest Territories," Malin said, "will probably be made in the Liard country of the Northwest Territories."

The Liard country holds interesting possibilities for further investigation. In that area we can across cave deposits of pebbles material which may require further examination before any definite conclusion can be reached.

The location of these cave deposits will remain a secret until the expedition returns for further examination next year.

The Bliss party went into Canada's north country late last March via Edmonton and Fort Smith, leaving 5,000 miles by plane, canoe and steamer.

Malin said the expedition was organized by the Canadian Museum of Natural History, and that the expedition was organized by the Canadian Museum of Natural History, and that the expedition was organized by the Canadian Museum of Natural History.

LAPOINTE IN CZECH PARLEY GENEVA MEET

**Canadian Minister At British
Discussion Of Storm
Centre**

GENEVA, Sept. 13.—Earl de La Warr, British lord privy seal, arrived here by special plane Monday and went into conference with Dominion leaders attending the League of Nations assembly, informing them of London's position on the Czechoslovak crisis and asking their views.

Those who conferred with the British minister, cabinet minister, were Hon. Ernest Lapointe, Canadian minister of justice and chief delegate from Ottawa to the League of Nations assembly, and Hon. Stanley Bruce of Australia, William Gordon of New Zealand and Charles To. Water of South Africa. Prime Minister de Valera of Ireland also participated.

The crisis continues to be the general reaction among diplomats here for the 12th session of the League of Nations assembly Monday after they listened to the Nuremberg speech of Adolf Hitler.

A Russian spokesman declared: "It was just what we expected—nothing new but a continuation of the sword rattling policy."

A Czechoslovak spokesman said: "It was violent and full of threats. The important thing about that speech is the reaction it has upon Paris and London."

A French delegate declared the speech was "not so bad as it might have been. It was full of threats but the threats were general."

One spokesman for League officials said in a statement that he had pushed the German fortifications on the French frontier to completion and at the same time had put pressure on Czechoslovakia to accept the German offer.

Another League spokesman said: "The German offer is a continuation of the sword rattling policy."

Prime Minister de Valera of Ireland said he was elected president of the Assembly.
